Execution Procedures	ACA Standards: 2-CO-1A-27-1		
Scott Crow, Director Oklahoma Department of Corrections			

## Execution of Inmates Sentenced to Death

The Oklahoma Department of Corrections (ODOC) establishes procedures for planning and carrying out the execution of a person convicted of a capital offense and sentenced to death. These procedures shall be followed as written unless deviation or adjustment is required, as determined by the agency director or, in the event of an absence, their designee. This procedure outlines the internal procedures and does not create any legally enforceable rights or obligations.

### I. Definitions

#### A. Stay

An order by the governor or court of competent jurisdiction to reprieve or suspend the execution of the judgment of death.

#### B. Stop

An order by the agency director that all acts congruent to an execution shall immediately cease until the agency director orders the execution to continue or a stay is ordered by the governor or court of competent jurisdiction.

#### C. Equipment

Any instrument, machine, or apparatus that is nonexpendable and includes items as listed on the "Execution Equipment Inventory" (Attachment G-1, attached).

#### D. Supplies

Any non-durable, disposable health care materials and includes items as listed on the "Event Inventory Guide" (Attachment G-2, attached). This does not include the chemicals used in the execution.

#### E. Surviving Victim

For the purpose of this policy, surviving victim is defined as any immediate family member of the deceased victim who, as a direct result of the crime, suffered serious harm or injury due to the criminal acts of the inmate of which the inmate has been convicted in a court of competent jurisdiction. Surviving victim includes surviving witnesses who were harmed yet survived the incident for which the inmate is being executed.

#### F. Immediate family

For the purpose of this policy, immediate family is defined as the spouse, child by birth or adoption, stepchild, parent by birth or adoption, stepparent, grandparent, grandchild, sibling or stepsibling of each surviving victim or the spouse of any immediate family member specified in this section.

## II. Responsibility

The ODOC ensures the execution of a person sentenced to death under state law by a court of competent authority and jurisdiction is carried out in keeping with statute, case law and professional practices.

A. The ODOC shall make every effort in the planning and preparation of an execution to ensure the execution process:

1. Faithfully adheres to constitutional mandates against cruel and unusual punishment, in accordance with Article II, Section 9 of the Oklahoma Constitution and the Eighth Amendment to the United States Constitution;
2. Is handled in a manner that minimizes its impact on the safety, security and operational integrity of the facility and the community in which it occurs;
3. Accommodates the public's right to obtain certain information concerning the execution;
4. Reasonably addresses the privacy interests as provided by law;
5. Provides contingency planning to identify and address unforeseen problems;
6. Allows for stays of execution, commutations and other exigencies;
7. Provides opportunity for citizens to exercise their First Amendment Rights to demonstrate for or against capital punishment in a lawful manner; and
8. Ensures there is an appropriate response to unlawful civil disobedience, trespass and other violations of the law by any person attempting to impact the execution or the operation of the facility.

B. The ODOC shall detain, seek the arrest and encourage prosecution of persons who:

1. Violate prohibitions against filming, taping, broadcasting or otherwise electronically documenting the execution of the inmate;

Section-04 Security	OP-040301	Page: 3	Effective Date: 02/20/2020
---------------------	-----------	---------	----------------------------

2. Trespass and otherwise enter upon ODOC property without authorization;
3. Participate in unlawful demonstrations or unlawfully attempt to disrupt, prevent and otherwise interfere with the execution; and
4. Unlawfully threaten, intimidate and otherwise attempt to influence authorized persons involved in the execution process.

These prohibitions apply to the inmate population, ODOC personnel and members of the general public engaging or attempting to engage in disruptive and other prohibited behaviors.

### III. Conduct and Selection of Staff for Execution Teams

#### A. Conduct of Staff

1. Participating staff shall adhere to OP-110215 entitled "Rules Concerning the Individual Conduct of Employees" and guided principles evidenced by:
  - a. Appropriate levels of professionalism, restraint and courtesy when interacting with witnesses, demonstrators, attorneys, news media, state and local law enforcement and any other member of the public directly or indirectly involved with the imposition of the sentence of death;
  - b. All assigned duties are performed proficiently and professionally;
  - c. Their ability to exercise the option to withdraw from the process by the prescribed means at any time;
  - d. Conduct that appropriately reflects the solemnity of the activities in which they elect to engage and the duties they choose to perform;
  - e. Reserving public comment on any and all facets of the execution; and
  - f. Maintaining confidentiality of identifying information regarding any person who participates in or performs any function of an execution. As defined in Oklahoma State Statute Title 22, Section 1015, "The identity of all persons who participate in or administer the execution process and persons who supply the drugs, medical supplies or medical

equipment for the execution shall be confidential and shall not be subject to discovery in any civil or criminal proceedings. The purchase of drugs, medical supplies or medical equipment necessary to carry out the execution shall not be subject to the provision of the Oklahoma Central Purchasing Act.”

2. All team members serve on a strictly voluntary basis. At any point before, during, or after an execution any team member may decline to participate or participate further without additional notice and explanation or repercussion.
3. The agency director shall ensure all team members understand and comply with the provisions contained herein.

B. Selection of Staff for Execution Teams

The agency director will ensure an adequate number of staff are selected and trained to carry out the execution and address unexpected events. Unless otherwise stated herein, the agency director will select staff for the execution teams, ensuring each team member is provided a copy of this operations procedure and that each team member understands his/her specific responsibilities. Employees suspended or demoted in the past 12 months shall not be selected.

1. Staff shall only be assigned to one team in the overall execution process;
2. Staff serving on any team shall not be related to the inmate by blood or marriage or have any other legal relationship with the inmate, the inmate’s family or the crime victims(s); and
3. Staff participation in the execution process is strictly voluntary. ODOC staff is not required to attend or participate in an execution. Any staff volunteers may withdraw from performing their assigned duties specific to the execution by advising their team leader, advising a team member or advising their immediate chain of command.

### 3. Contingency Procedure

- a. An Automated External Defibrillator (AED) shall be readily available on site in the event that the inmate goes into cardiac arrest at any time prior to initiating the administration of the chemicals in accordance with Attachment D entitled "Preparation and Administration of Chemicals." Trained medical staff shall make every effort to revive the inmate should this occur.
- b. Trained medical personnel and emergency transportation, neither of which is involved in the execution process, shall be available in proximity to respond should any medical emergency arise.
- c. If at any point any team member determines that any part of the execution process is not going according to procedure, they shall advise the IV Team leader who shall immediately notify the agency director. The agency director shall determine whether to go forward with the procedure, start the procedure over at a later time within the twenty-four (24) hour day, or stop the execution.

### 4. Inmate Preparation and Observation Log

- a. The inmate shall be escorted to the medical unit to receive a full body x-ray.
- b. All property in the assigned cell shall be removed and the cell thoroughly searched prior to the return of the inmate from the medical unit.
- c. The inmate shall be strip-searched and screened on the calibrated BOSS Chair before placement in the cell.
- d. The inmate shall be issued one pair each of pants, shirt, underwear and socks on the morning of the execution.

- e. The cell shall be furnished with a mattress, pillow and pillowcase, one each top and bottom sheet, blanket, wash cloth, towel, and toilet paper.
- f. The inmate may have a safety ink pen and paper, religious items, a book or periodical and indigent-sized hygiene supplies (liquid soap, toothpaste), toothbrush and comb. These items may be made available only for the duration of the use and shall be removed immediately thereafter. Any other requested property shall require approval by the warden and shall be documented.
- g. The Restraint Team shall take custody of the inmate and the observation log. The Restraint Team members shall assume maintenance of the log until the execution is completed or a stay of execution is issued.
- h. The inmate shall remain on continuous watch. The Restraint Team members shall record observations and make entries every 15 minutes, or as incidents occur, in the observation log during the final four hours.
- i. The warden will ensure the assigned cell is preserved and secured immediately after the inmate is moved to the execution chamber. Entry will be limited to preservation of mission only and will be released by the Inspector General once the execution is completed or a stay of execution is issued.
- j. The inmate may be offered a mild sedative based on the inmate's need. The sedative shall be provided to the inmate no later than four (4) hours prior to the execution, unless it is determined medically necessary.
- k. These time frames may be adjusted as necessary in the event of a stay of execution or other exigencies.

#### 5. Notification to Proceed With Execution

- a. Prior to moving the inmate from the holding cell to the execution table, the agency director or designee shall confer with the attorney general or designee and the governor or designee to confirm there is no legal impediment to proceeding with the lawful execution.

- b. The H Unit Section chief shall direct the Restraint Team to prepare and escort the inmate into the execution chamber.
  - c. The Restraint Team shall secure the inmate on the execution table by the prescribed means with the inmate's arms positioned at an angle away from the inmate's side.
6. IV Site(s) Preparation and Establishment
- a. The IV Team shall enter the Execution Room to prepare and insert a primary IV catheter and a backup IV catheter. The arm veins near the joint between the upper and lower arm shall be utilized as the preferred site for the IV injection.
  - b. The agency director, acting upon the advice of the IV Team leader, shall determine the catheter sites.
  - c. In the event that the IV Team is unable to establish an IV at a preferred site, the member(s) may establish an IV at an alternative site(s), including a central line, for use by the Special Operations Team when administering execution drugs.
  - d. The IV Team may utilize a non-invasive device to assist in locating a vein.
  - e. The IV Team shall be allowed as much time as is necessary to establish a viable IV site(s).
  - f. If the IV Team is unable to establish viable IV sites(s) the member(s) shall inform the agency director. The agency director will determine whether to request a postponement of the execution.
  - g. The agency director shall consult with others as necessary for the purpose of determining whether or how long to continue efforts to establish viable IV sites(s).
  - h. After one hour of unsuccessful IV attempts, the agency director shall contact the governor or designee to advise of the status and potentially request a postponement of the execution.
  - i. A central line shall not be used unless the person placing the line is qualified to place a central line.

7. Confirming and Recording Establishment of IV Sites(s)

- a. An IV Team member shall test the viability of the IV site with a low-pressure saline drip through IV tubing. If necessary, a heparin lock may be attached to the IV needle as an alternative to the saline drip.
- b. The H Unit Section chief and IV Team leader shall both confirm the visibility of the IV sites.
- c. The H Unit Section Team Recorder shall document in the Correctional Service Log the number of attempts to establish an IV site.

8. Using Alternative IV Sites

- a. The H Unit Section Team chief shall observe the inmate during the injection process to look for signs of swelling or infiltration at the IV site, blood in the catheter, leakage from the lines and other unusual signs or symptoms.
- b. The IV Team leader shall determine whether it is necessary to use an alternate IV site.
- c. Whenever it is necessary to use alternate IV sites, the Special Operation Team shall administer a full dosage of the execution drugs through the alternate site, using additional syringes as necessary, prepared in accordance with the terms of this procedure.
- d. In the event the IV Team leader changes to another IV site, the Special Operation Team recorder shall capture that information on the Correctional Service Log.

9. Proceeding with the Execution

- a. When the inmate is secured on the execution table by the Restraint Team and readied by the IV Team, the H Unit Section Team chief shall advise the agency director and order the witnesses to their respective seating.
- b. The agency director shall confirm with the attorney general or designee and the governor or designee that there is no legal impediment to proceeding. Upon oral confirmation that there are no legal impediments to proceeding with the

execution, the agency director shall order the H Unit Section chief to proceed with the execution.

If there is a legal impediment the agency director shall instruct the H Unit Section chief to stop the execution and to notify the inmate witnesses that the execution has been stayed or delayed. The H Unit Section chief shall also notify the Command Team to notify the agency's public information officer in the Media Room.

- c. The H Unit Section chief shall read aloud a summary of the Warrant of Execution.
- d. The H Unit Section chief shall ask the inmate if he wishes to make a last statement that is reasonable in length and does not contain vulgar language or intentionally offensive statements directed at the witnesses. The microphone shall remain on during the last statement, after which time it shall be turned off. The microphone may be turned off earlier in the event the inmate uses vulgarity or makes intentionally offensive statements. The H Unit Section chief will remain in the execution chamber to observe the IV sites.
- e. The agency director or designee shall instruct the disbursement of chemicals to begin in accordance with Attachment D entitled "Preparation and Administration of Chemicals."

G. Pronouncement and Documentation of Death

1. The agency director or designee shall announce death has occurred.
2. The H Unit Section chief shall complete and sign the return of the Death Warrant. The H Unit Section chief is also responsible for coordinating with the General Counsel's office for the filing of the document with the sentencing court and the Oklahoma Court of Criminal Appeals within five business days.
3. The State Medical Examiner's Office shall be given custody of the body in order to issue a Certificate of Death.

H. Stay of Execution

1. Upon receipt of notification that the court and/or governor has issued a Stay of Execution, the agency director shall advise the Command Team.
2. Upon receipt of the notification, the H Unit Section chief shall:
  - a. Instruct the Special Operations Team to stand down.
  - b. In the event that a pending stay results in more than an approximately two (2) hour delay, the catheters shall be removed and the inmate shall be returned to the holding cell until further notice.
  - c. Direct the Restraint Team to remove the inmate from the chamber and return him/her to the assigned cell if the stay of execution is less than 35 days.
    - (1) Prior to moving the inmate back to the assigned cell, the inspector general shall release the cell.
    - (2) The assigned cell shall be thoroughly searched prior to placing the inmate in the cell.
  - d. Advise the witnesses a Stay of Execution has been issued.
  - e. The Command Team commander shall inform the following teams of the Stay of Execution:
    - (1) Traffic Control Team Leader
    - (2) Critical Incident Management Team Leader
    - (3) Communications Director
    - (4) Victim Services Coordinator
    - (5) Witness Escort Team Leader.
  - f. The Traffic Control Team leader shall notify any protestors of the issuance of the Stay of Execution.

I. Post Execution/Stay of Execution

1. The Witness Escort Teams shall commence escorting witness groups from H Unit in the prescribed order from the facility.
2. Each group of witnesses shall continue to be kept separated from the other groups at all times.

3. News media witnesses shall return to the Media Room to participate in the media briefing.
4. Victim witnesses speaking with the media shall be escorted to the Media Room.
5. Media may remain on site in a designated location outside the secure perimeter for a limited time to complete live broadcasts.
6. The Victim Services team leader ensures the victim(s) receives follow up phone calls and support.
7. Upon the pronouncement of death, the agency director shall notify the governor or designee and the attorney general or designee that the sentence has been carried out and the time that death occurred.
8. An IV Team member shall clamp and cut the IV lines leaving them connected to the inmate for examination by a medical examiner.
9. An investigator with the Inspector General's office and a medical examiner shall take photos of the inmate's body:
  - (a) While in restraints prior to being placed in the body bag;
  - (b) Without restraints prior to being placed in the body bag;
  - (c) Sealed in the body bag; and
  - (d) A photo of the seal in place on the bag.
10. The inmate's body shall be placed on a medical examiner's gurney and released into the custody of a medical examiner's office.
11. Once the inmate's body is placed in a medical examiner's transport vehicle, it shall be escorted off the premises.

J. Site Clean Up and Recording of Execution Drugs

1. In accordance with OP-040109 entitled "Control of Contraband and Physical Evidence," the Special Operations Team leader shall properly dispose of any execution drugs that have not been utilized by inventorying them on the form entitled "Oklahoma State Bureau of Investigation Inventory of Drugs Submitted for Destruction"

([www.ok.gov/osbi/documents/LABdestructForm.pdf](http://www.ok.gov/osbi/documents/LABdestructForm.pdf)) and forwarding the unused drugs to the Oklahoma State Bureau of Investigation.

2. The warden of OSP shall witness the disposal of the unused execution drugs and document the disposal in accordance with procedure.
3. The Special Operations Team leader shall document the name, description, expiration date, and lot number of all execution drugs used.
4. The Special Operations Team Leader shall save any packaging of the used execution drugs or take photographs of such packaging of items.
5. Under supervision of a person designated by the warden, the execution room shall be cleaned and secured. Institutional staff trained in infectious diseases preventive practices shall utilize appropriate precautions.

K. Normal Operations

1. The Command Team commander shall determine when the prison shall resume normal operations.
2. ODOC staff shall be deactivated at the direction of the Command Team commander.

L. Execution Documentation

1. The chief of Operations shall gather all documents pertaining to the executions and forward to the general counsel for archiving.
2. The chief of Operations shall attach a copy of the death warrant and forward it to the general counsel, who shall then forward it to the court from which it was rendered, indicating the time, mode and manner of which it was accomplished. Copies of the report and log shall be sent to the agency's closed records department for filing. MBCC shall receive a copy for females that are executed.

M. After-Action Review

1. Immediately following an execution, all of the Execution Teams and the on-site administrators directly involved in the execution process shall meet to review the process of the execution.

Section-04 Security	OP-040301	Page: 31	Effective Date: 02/20/2020
---------------------	-----------	----------	----------------------------

2. Any unique or unusual events shall be discussed, as well as opportunities for improvement and successful procedures.
3. Actions and documentation of the events shall be reviewed to identify any discrepancies.
4. The review should serve as an opportunity for all involved personnel to voice their opinions, concerns, and/or recommendations.
5. The review shall be formally documented and retained for future reference.

N. Critical Incident Debriefing

1. The Command Team shall ensure that critical incident debriefings are available for the Execution Teams and staff participants immediately following the execution.
2. The Critical Incident Management Team shall conduct interviews in accordance with Critical Incident Program guidelines.

VIII. Quality Assurance Review

- A. The agency director or designee shall designate the chief of Staff, or designee, to evaluate the performance of the execution process and report findings to the agency director. The chief of Staff shall review documentation and training to ensure compliance with the written procedure directive.
- B. The chief of Staff or designee may utilize assistance as necessary to compile or assess the information, and may consult with others consistent with the confidentiality of the process.
- C. Whenever appropriate, the chief of Staff or designee shall consult with a properly trained medical person when reviewing the medical aspects of the execution procedures.
- D. The chief of Staff or designee shall provide consultation and advice concerning modifications in the written directive.
- E. The chief of Staff or designee shall prepare a report to the agency director following each execution, with appropriate suggestions or recommendations as needed.

## PREPARATION AND ADMINISTRATION OF CHEMICALS

### A. Obtaining Chemicals and Equipment

1. Upon receipt of the Order Setting Execution Date, the H Unit Section Chief shall:
  - a. Confirm and ensure all equipment necessary to properly conduct the procedure is on site, immediately available for use and functioning properly.
  - b. Ensure all medical equipment, including a backup electrocardiograph, is on site, immediately available for use and functioning properly.
  - c. Ensure a licensed pharmacist inventories the execution drugs and verifies the drugs on hand comply with the requirements of this Attachment. If the chemicals are present at OSP, verifies with a licensed pharmacist that they are properly stored and meet the requirements of this Attachment. The chemicals shall be under the direct control of the H Unit Section Chief.

### B. Preparation of Chemicals

1. At the appropriate time on the day of the execution, the H Unit Section Chief shall transfer custody of the chemicals to the Special Operations Team to begin the chemical(s) and syringe preparation in the chemical room, under the direct supervision by the Intravenous (IV) Team leader.
2. The Special Operations Team leader shall verify the identity, concentration and quantity of each chemical, consistent with this Attachment and assign a team member(s) to assist preparing each chemical and the corresponding syringe under the supervision of the IV Team leader.
3. The IV Team leader will verify the identity, concentration and quantity of each chemical, consistent with this Attachment. The IV Team leader, with the assistance of the Special Operations Team members, shall prepare the designated chemical and syringes for a total of one (1) complete set of chemicals. One (1) full set of syringes is used in the implementation of the death sentence and an additional complete set of the necessary chemicals shall be obtained and kept available in the chemical room.
4. The IV Team leader, with the assistance of a Special Operations Team member, shall be responsible for preparing and labeling the assigned sterile syringes in a distinctive manner. The specific chemical contained in each syringe will be identified with the following information as set forth in the chemical charts:

- a. Assigned number
- b. Chemical name
- c. Chemical amount
- d. Designated color

This information shall be pre-printed on a label, with one label affixed to each syringe to ensure the label remains visible.

C. Chemical Charts

1. CHART A: One (1) Drug Protocol with Pentobarbital

CHEMICAL CHART	
Syringe No.	Label
1A	2.5 gm pentobarbital <b>GREEN</b>
2A	2.5 gm pentobarbital <b>GREEN</b>
3A	60 ml heparin/saline, <b>BLACK</b>

- a. Syringes 1A and 2A shall each have a dose of 2.5 grams of pentobarbital for a total of 5 grams. Each syringe containing pentobarbital shall have a **GREEN** label which contains the name of the chemical, chemical amount and the designated syringe number.
- b. Syringe 3A shall contain 60 milliliter of heparin/saline solution at a concentration of 10 units of heparin per milliliter. The syringe shall have a **BLACK** label which contains the name of the chemical, chemical amount and the designated syringe number.

2. CHART B: One (1) Drug Protocol with Sodium Pentothal

CHEMICAL CHART	
Syringe No.	Label
1A	1.25 gm sodium pentothal, <b>GREEN</b>
2A	1.25 gm sodium pentothal, <b>GREEN</b>
3A	1.25 gm sodium pentothal, <b>GREEN</b>
4A	1.25 gm sodium pentothal, <b>GREEN</b>
5A	60 ml heparin/saline, <b>BLACK</b>

- a. Syringes 1A, 2A, 3A, and 4A shall each contain 1.25 grams/50 milliliter of sodium pentothal in 50 milliliter of sterile water in four (4) syringes for a total dose of 5 grams of sodium pentothal. Each syringe containing sodium pentothal shall have a **GREEN** label which contains the name of the chemical, the chemical amount and the designated syringe number.

- b. Syringe 5A shall contain 60 milliliter of heparin/saline solution at a concentration of 10 units of heparin per milliliter. The syringe shall have a **BLACK** label which contains the name of the chemical, chemical amount and the designated syringe number.
- 3. CHART C: Reserved
- 4. CHART D: Three (3) Drug Protocol with Midazolam, Vecuronium Bromide and Potassium Chloride

<b>CHEMICAL CHART</b>	
<b>Syringe No.</b>	<b>Label</b>
1A	250 mg midazolam, <b>GREEN</b>
2A	250 mg midazolam, <b>GREEN</b>
3A	60 ml heparin/saline, <b>BLACK</b>
4A	50 mg vecuronium bromide, <b>YELLOW</b>
5A	50 mg vecuronium bromide, <b>YELLOW</b>
6A	60 ml heparin/saline, <b>BLACK</b>
7A	120 mEq potassium chloride, <b>RED</b>
8A	120 mEq potassium chloride, <b>RED</b>
9A	60 ml heparin/saline, <b>BLACK</b>

- a. Syringes 1A and 2A shall each have a dose of 250 milligrams midazolam for a total dose of 500 milligrams. Each syringe containing midazolam shall have a **GREEN** label which contains the name of each chemical, the chemical amounts and the designated syringe number.
- b. Syringes 4A and 5A shall each have a dose of 50 milligrams vecuronium bromide or 50 milligrams pancuronium bromide or 50 milligrams rocuronium bromide, for a total dose of 100 milligrams. Each syringe containing the selected bromide shall have a **YELLOW** label which contains the name of each chemical, the chemical amounts and the designated syringe number.
- c. Syringes 7A and 8A shall each contain 120 milliequivalents potassium chloride for a total dose of 240 milliequivalents. Each syringe containing potassium shall have a **RED** label which contains the name of each chemical, the chemical amounts and the designated syringe number.
- d. Syringes 3A, 6A, and 9A shall each contain 60 milliliter of heparin/saline solution at a concentration of 10 units of heparin per milliliter. Each syringe shall have a **BLACK** label which contains the name of the chemical, chemical amount and the designated syringe number.

D. Choice of Chemicals

1. The director shall have the sole discretion as to which chemicals shall be used for the scheduled execution. This decision shall be provided to the inmate in writing ten (10) calendar days prior to the scheduled execution date.
2. Any compounded drug used shall be obtained from a certified or licensed compounding pharmacist or compounding pharmacy in good standing with their licensing board. Licensing certification and criminal history reviews shall be conducted by the Inspector General's office prior to obtaining the compounded drug. A qualitative analysis of the compounded drug to be used in the execution shall be performed no more than thirty (30) calendar days prior to the execution date.
3. After the IV Team prepares all required syringes with the proper chemicals and labels as provided in the Chemical Chart, the IV Team leader shall attach one complete set of the prepared and labeled syringes to a 3-Gang, 2-Way Manifold in the order in which the chemicals are to be administered. The syringes shall be attached to the 3-Gang, 2-Way Manifold in a manner to ensure there is no crowding, with each syringe resting in its corresponding place in the shadow board which is labeled with the name of the chemical, color, chemical amount and the designated syringe number.
4. The syringes shall be affixed in such a manner to ensure the syringe labels are clearly visible. Prior to attaching the syringes to the 3-Gang, 2-Way Manifold, the flow of each gauge on the manifold shall be checked by the IV Team leader running the Heparin/Saline solution through the line to confirm there is no obstruction.
5. After all syringes are prepared and affixed to the 3-Gang, 2-Way Manifold in proper order, the Special Operations Team leader shall confirm that all syringes are properly labeled and attached to the manifold in the order in which the chemicals are to be administered as designated by the Chemical Chart. Each chemical shall be administered in the predetermined order in which the syringes are affixed to the manifold.
6. The quantities and types of chemicals prepared and administered may not be changed in any manner without prior documented approval of the director.
7. All prepared chemicals shall be utilized or properly disposed of in a timely manner after the time designated for the execution to occur.
8. The chemical amounts as set forth in the Chemical Chart are designated for the execution of persons weighing 500 pound or less. The chemical amounts shall be reviewed and may be revised as necessary for an inmate exceeding this body weight.

9. The Special Operations Team Recorder is responsible for completing the Correctional Service Log. The Recorder shall document on the form the amount of each chemical administered and confirm that it was administered in the order set forth in the Chemical Chart. Any deviation from the written procedure shall be noted and explained on the form.

E. Movement and Monitoring of Inmate

1. The inmate shall be positioned to enable the IV Team or the Special Operations Team leader and the H Unit Section Chief to directly observe the inmate and/or to monitor the inmate with the aid of a high resolution color camera and a high resolution color monitor.
2. After the inmate has been secured to the execution table, the Restraint Team leader shall personally check the restraints which secure the inmate to the table to ensure they are not so restrictive as to impede the inmate's circulation, yet sufficient to prevent the inmate from manipulating the catheter and IV lines.
3. A microphone shall be affixed to the inmate's shirt to enable the IV Team, or the Special Operations Team leader, to hear any utterances or noises made by the inmate throughout the procedure. The Special Operations Team leader shall confirm the microphone is functioning properly, and that the inmate can be heard in the chemical room.
4. The Restraint Team members shall attach the leads from the electrocardiograph to the inmate's chest once the inmate is secured. The IV Team leader shall confirm that the electrocardiograph is functioning properly. A backup electrocardiograph shall be on site and readily available if necessary. Prior to and on the day of the execution both electrocardiograph instruments shall be checked to confirm they are functioning properly.
5. An IV Team member shall be assigned to monitor the electrocardiograph at the commencement and completion of the administration of the chemicals.
6. Throughout the procedure, the IV Team leader shall monitor the inmate's level of consciousness and electrocardiograph readings utilizing direct observation, audio equipment, camera and monitor as well as any other medically approved method(s) deemed necessary by the IV Team leader. The IV Team leader shall be responsible for monitoring the inmate's level of consciousness.

F. Intravenous Lines

1. The IV Team leader shall ensure the catheters are properly secured and properly connected to the IV lines and out of reach of the inmate's hands.

A flow of heparin/saline shall be started in each line and administered at a slow rate to keep the lines open.

2. The primary IV catheter shall be used to administer the chemicals and the backup catheter shall be reserved in the event of the failure of the first line. Any failure of a venous access line shall be immediately reported to the director.
3. The IV catheter in use shall remain visible to the H Unit Section Chief throughout the procedures.
4. The H Unit Section Chief shall physically remain in the room with the inmate throughout the administration of the chemicals in a position sufficient to clearly observe the inmate and the primary and backup IV sites for any potential problems and shall immediately notify the IV Team leader and director should any issue occur. Upon receipt of such notification, the director may stop the proceedings and take all steps necessary in consultation with the IV Team leader prior to proceeding further with the execution.
5. Should the use of the backup IV catheter be determined to be necessary, a set of backup chemicals should be administered in the backup IV site.

G. Administration of Chemicals – Charts A and B

1. Upon receipt of the director's order and under observation of the IV Team leader, the Special Operations Team leader shall instruct the assigned Special Operations Team member(s) to begin dispensing the chemicals in the order they appear in the corresponding chart.
2. Upon direction from the Special Operations Team Leader, the assigned Special Operations Team member shall visually and orally confirm the chemical name on the syringe and then administer the full dose of the chemicals immediately followed by the heparin/saline flush.
3. When approximately five (5) minutes has elapsed since commencing the administration of the chemicals, the IV Team leader, dressed in a manner to preserve their anonymity, shall enter into the room where the H Unit section chief and inmate are located to physically confirm the inmate is unconscious by using all necessary and medically-appropriate methods. The IV Team leader shall also confirm that the IV line remains affixed and functioning properly.
4. If, after approximately five (5) minutes the inmate remains conscious, the IV Team leader shall communicate this information to the director, along with all IV Team leader input. The director shall determine how to proceed or, if necessary, to start the procedure over at a later time or stop. The

director may order the curtains to the witness viewing room be closed, and if necessary, for witnesses to be removed from the facility.

5. If deemed appropriate, the director may instruct the Special Operations Team leader to administer additional doses of the chemical(s) followed by the heparin/saline flush.
6. Upon administering the chemical(s) and heparin/saline from a backup set, the IV Team shall confirm the inmate is unconscious by sight and sound, utilizing the audio equipment, camera and monitor. The IV Team leader shall again physically confirm the inmate is unconscious using proper medical procedures and verbally advise the director of the same.
7. When all electrical activity of the heart has ceased as shown by the electrocardiograph, the IV Team leader shall confirm the inmate is deceased and the inmate's death shall be announced by the director or designee.
8. The Special Operations Team Recorder shall document on the Correctional Service Log the start and the ending times of the administration of the chemical(s).
9. Throughout the entire procedure, the IV Team members, the Special Operations Team members and the H Unit Section Chief shall continually monitor the inmate using all available means to ensure that the inmate remains unconscious and that there are no complications.

#### H. Administration of Chemicals – Chart D

1. Upon receipt of the director's order and under observation of the IV Team leader, the Special Operations Team leader shall instruct the assigned Special Operations Team member(s) to begin dispensing the chemicals in syringe numbers 1A, 2A, and 3A.
2. Upon direction from the Special Operations Team Leader, the assigned Special Operations Team member shall visually and orally confirm the chemical name on the syringe and then administer the full dose of the chemicals in syringe numbers 1A, 2A, and 3A.
3. When approximately five (5) minutes has elapsed since commencing the administration of the first chemical, the IV Team leader, dressed in a manner to preserve their anonymity, shall enter into the room where the H Unit section chief and inmate are located to physically confirm the inmate is unconscious by using all necessary and medically-appropriate methods. The IV Team leader shall also confirm that the IV line remains affixed and functioning properly.

4. If confirmed the inmate is unconscious, an announcement will be made and the director will order the remaining chemicals be dispensed in the order they appear in the chart.
5. Upon direction from the Special Operations Team Leader, the assigned Special Operations Team member shall visually and orally confirm the chemical name on the syringe and then administer the full dose of the remaining chemicals in the order they appear in the chart.
6. If the inmate remains conscious after approximately five (5) minutes, the IV Team shall communicate this information to the director, along with all IV Team input. The director shall determine how to proceed or, if necessary, to start the procedure over at a later time or stop the execution. The director may order the curtains to the witness viewing room be closed, and if necessary, for witnesses to be removed from the facility.
7. If deemed appropriate, the director may instruct the Special Operations Team to administer additional doses of the chemical(s) followed by the heparin/saline flush.
8. Upon administering the chemical(s) and heparin/saline from a backup set, the IV Team shall confirm the inmate is unconscious by sight and sound, utilizing the audio equipment, camera and monitor. The IV Team leader shall again physically confirm the inmate is unconscious using proper medical procedures and verbally advise the director of the same.
9. When all electrical activity of the heart has ceased as shown by the electrocardiograph, the IV Team leader shall confirm the inmate is deceased and the inmate's death shall be announced by the director or designee.
10. The Special Operations Team Recorder shall document on the Correctional Service Log the start and the ending times of the administration of the chemical(s).
11. Throughout the entire procedure, the IV Team members, the Special Operations Team members and the H Unit Section Chief shall continually monitor the inmate using all available means to ensure that the inmate remains unconscious and that there are no complications.

## SUMMARY OF RULES AND PROCEDURES

\_\_\_\_\_  
Inmate Name

\_\_\_\_\_  
DOC Number

I am \_\_\_\_\_, warden of the \_\_\_\_\_.  
You have been sentenced to death for the crime of **Murder** at \_\_\_\_\_ on \_\_\_\_\_.  
The purpose of this meeting is to inform you of the rules and procedures to be followed for the next thirty-five (35) days and to discuss certain privileges you may be afforded. When this meeting is over, you will be placed in a special cell where you will remain until the time of the execution. While in this cell and until the time of the execution, you will be under constant surveillance by correctional officers.

1. If you leave your cell for any reason, you will be handcuffed and strip-searched.
2. The lights in your cell will remain on at all times.
3. A television will be located inside the cell.
4. In the event of illness or injury, you will be treated in the cell if feasible.
5. The only items of personal property allowed in your cell will be:
  - a. One (1) cubic foot each of legal and religious materials
  - b. Safety ink pen and paper
  - c. One (1) book or magazine, which can be exchanged daily
  - d. Hygiene items (comb, indigent-sized liquid soap, toothbrush and toothpaste). These items will be made available only for the time you need them and then shall be removed immediately after use.
6. Your remaining personal property will be inventoried in your presence and will then be boxed, sealed and removed from the cell. This property will be stored in the Personnel Office until you are executed or receive a stay of execution. It will

be your responsibility to make arrangements for the disposition of your property.

7. On a daily basis, you may be contacted by your case manager, chaplain, Psychological Services personnel, and Health Services personnel. The facility chaplain will be available to you continuously during the last twenty-four (24) hour period.
8. Non-contact visitation will be restricted to two (2) visitors at a time from your approved visitation list and will be during established visitation periods. Visitation privileges will be terminated at 2100 hours the day prior to the execution. You will be permitted two (2) hours of in-person visitation with no more than two (2) attorneys of record. Visitation will be concluded at least two hours prior to the scheduled execution.
9. Arrangements for your burial are the responsibility of your family. The facility will notify your family by certified mail at least two weeks prior to the date of the execution of their responsibility for making burial arrangements. If your family does not make arrangements with a funeral home, the state will assume responsibility for your burial.
